Education

Northwest University (Currently Enrolled)

Kirkland, WA

Bachelor of Science in Computer Science

August 2024 — Present

- **Current GPA:** 3.67/4.0; **SAT:** 1250/1600
- **Honors:** NAIA Scholar Athlete

Relevant Coursework: Programming I, Programming II, Data Management, Data Structures and Algorithms, Operating Systems and Networks, Calculus II

Work Experience

Northwest University

Kirkland, WA

Math & Computer Science Tutor

2025 — Present

- Held two training sessions a week as the sole math and computer science tutor, assisting in concepts such as derivatives, for loops, and recursive functions
- Enabled others to better understand their course material, raising one student's average test score from 67% to 87%

B&B Gaming

Renton, WA

Co-Owner / Programmer

2020 — Present

- Programmed and released a 2d puzzle game, featuring lists of high scores that are saved and accessed through XML and objects that match velocities of moving platforms
- Learned C#, then applied that knowledge to create games, implement debugging tools, and follow best practices
- Analyzed challenges in developing the game with the team, then created goals to hit our ideal release window

Murphy Christmas Tree Farm

Onalaska, WA

Summer Worker

2020-2024

- Prepared Christmas trees for sale with four colleagues
- Taught others how to prepare trees correctly for the public
